

And the winner is ... The Change Catalyst!

2018 Business Book Awards.

The transcript of the speech announcing the winner of the 2018 Business Book of the Year given by Alison Jones, Head Judge:

Friday 16 March 2018. Grange City Hotel London.

"In the end, it wasn't so hard to select the overall winner: I found myself in agreement with the marks submitted by the judges. The title we have jointly selected as Business Book of the Year wins because it is uniformly superb across a number of different criteria.

- *First, the topic it deals with really matters. This is a book that frankly absolutely anyone in business today should read.*
- *Second, it's saying something original. Yes, the issue has been dealt with before, but the author brings new insights and a fresh way of looking at things that change the way you see it.*
- *Third, the writing is clear, clean, direct and simply beautiful. I found myself stopping and re-reading paragraphs just for the sheer pleasure of it.*
- *And finally, the quality of production is superb: the thought that's gone into the page design particularly and the paper and bind quality all do the book justice.*

I'm delighted to announce that the winner of the 2018 Business Book of the Year Award is The Change Catalyst by Campbell Macpherson."
